

Please vote for the Revd. Prieb. Dr TAIWO OLUMUYIWA to serve on General Synod.

I am seeking election to the General Synod in order to contribute actively to discussions and decisions that will strengthen the local church's confidence in the gospel, enhance its spiritual vitality, and improve its effectiveness in mission and policy implementation.

My dreams for what Synod might achieve:

- Foster a Church that confidently proclaims Jesus Christ, rooted in Scripture, and is continually renewed through the Holy Spirit.
- Embed safeguarding within church culture, ensuring it is integral rather than regarded solely as a compliance requirement.
- I am committed to supporting decisions that equip clergy and lay leaders, promote wise stewardship of resources, and enable parishes to prioritise worship, discipleship, pastoral care, and mission.
- Renew commitment to children, young people, and families by engaging younger generations and introducing innovative approaches to mission, community engagement, and leadership development.
- Amplify the voices of marginalised and underrepresented individuals by promoting intercultural understanding and encouraging active participation.
- Foster a supportive environment that enables clergy and lay leaders to flourish, particularly under increasing strain, by strengthening resilience and capacity.

Imagine if Synod helped deliver to the next generation:

- ✓ A Church confident in Jesus Christ and the Gospel.
- ✓ Well-equipped and biblically grounded clergy and lay leaders.
- ✓ Young people and younger families are welcomed, discipled and equipped to lead.
- ✓ Stronger intercultural congregations that reflect the communities we serve.
- ✓ Safe churches where children and vulnerable adults are protected, valued and supported.
- ✓ Help to manage buildings

Some things about me:

- I have been ordained *for over three decades*
- I currently serve as Priest in Charge at *St Bartholomew's and St Luke's, Wednesbury*.
- I serve on several committee boards within the Lichfield Diocese.
- I am an experienced theologian and public administrator with Chartered Manager status from the Chartered Management Institute of England and Wales.
- I am committed to listening carefully, speaking constructively, and voting prayerfully
